PUBLIC TRAINING SCHEDULE 2025

IRATA ROPE ACCESS TRAINING LEVELS 1, 2 and 3

IRATA International's rope access system is a safe method of working at height where ropes and associated equipment are used to gain access to and from the work position, and to be supported there. IRATA International ensures a safe system of work and encourages career progression for rope access technicians whether it is Level 1, Level 2 or Level 3. Each technician is required to re-certify every three years to demonstrate they maintain the necessary abilities in order to work safely.
