WHO WE ARE

ABOUT US

Technical Integrated Services (formerly Trinidad Inspection Services) is the backbone of industries powering the Caribbean. Leveraging unrivalled expertise, multi-disciplinary teams, and cutting-edge technologies, we deliver integrated solutions that safeguard our customers' assets onshore and offshore. Driven by our commitment to our customers, we continually adapt to meet their evolving needs and those of the people they serve.

OUR HERITAGE

Originally founded to support the Pointe-a-Pierre oil refinery, TIS has grown into a pioneering leader in inspection and quality assurance. Utilizing the most advanced inspection technology, we uncover flaws in new and in-service materials, offering customized solutions for the industry's toughest challenges.

OUR FUTURE

Our service portfolio has expanded to include comprehensive solutions in condition monitoring, integrity management, maintenance, and mechanical services, both onshore and offshore. With offices in the Point Lisas Industrial Estate, Chaguaramas and Galeota Point, operations extending across Trinidad, Suriname, and Guyana, and the expertise of over 500 highly trained employees, we serve a wide range of industries.

TIS continues to lead with innovation, ensuring our clients receive the best in technology and service. We are dedicated to maintaining the highest standards of integrity and excellence, reinforcing our position as a trusted partner in the Caribbean's industrial landscape.

WHAT SETS US APART

ADVANCED TECHNOLOGIES

Technical Integrated Services (TIS) leads the industry by continuously adopting and integrating the latest technologies. Our forward-thinking approach and commitment to innovation ensure we deliver the most advanced services, empowering our customers with cutting-edge solutions.

INTEGRITY AND SERVICE

Integrity and service form the bedrock of TIS. We uphold the highest ethical standards, conducting every inspection and integrated service with honesty and transparency. This unwavering commitment builds enduring trust with our clients and serves as our guiding strength in these demanding times.

ONE-STOP SHOP

TIS offers a comprehensive suite of services, making us your one-stop shop for all inspection, condition monitoring, integrity management, mechanical engineering, and maintenance needs, both onshore and offshore. Our multi-disciplinary teams deliver precise, reliable, and efficient solutions, ensuring superior value and excellence for our customers.

HOW WE SERVE YOU

While known for our beginnings in Inspection Services, TIS has continually evolved to better meet our customers' dynamic needs. Our new name now accurately reflects our comprehensive suite of **integrated services**.

This strategic shift allows us to deliver more agile, efficient, and sustainable solutions, ensuring we remain a reliable partner in the industry. By focusing on innovation, advanced technology, and the well-being of our people, we are equipped to address today's market complexities and provide exceptional value to our clients. This transformation underscores our commitment to integrity, quality, and customer satisfaction.

OUR COMPREHENSIVE SUITE OF INTEGRATED SERVICES.

INSPECTION AND TESTING

- NDE Services
- Advanced NDE Services
- LIBS Carbon Analysis and PMI
- Drone Services
- Cathodic Protection (CP)
- Tubular Inspection
- Lifting Equipment Services
- Certified Welding Inspection (CWI)
- API Inspection
- AMPP Coating Inspection
- Laboratory Calibration and Pressure Testing
- Replica Testing

SCAFFOLDING SERVICES

ROPE ACCESS SERVICES

MECHANICAL SERVICES

- Welding and Fabrication
- Mechanical Joint Integrity
- Field Machining
- Insulation
- Heat Treatment

COMPUTER AIDED DESIGN (CAD)

FABRIC MAINTENANCE

- Blasting and Coating
- High Pressure Water Blasting
- Composite Pipeline Repair
- Corrosion Prevention Products

PREDICTIVE MAINTENANCE

- Infrared Thermography (IR)
- Vibration Analysis
- Oils Analysis / Tribology
- Laser Alignment
- Airborne Ultrasonic Testing
- Electrical Signature Analysis (ESA)
- Motion Amplification

TRAINING & CERTIFICATION

- NDE Training
- AMPP Programmes
- API Exam Preparation
- Blasting and Coating Training
- IRATA Rope Access Training

THE HIGHEST INDUSTRY STANDARDS

As part of our commitment to offering you excellence and unparalleled service, our teams undergo frequent, rigorous training and are fully certified in their respective fields.
